Teaching Experience

Throughout my career I have had experience and responsibility of providing clinical education for students, junior members of staff and colleagues of all disciplines. I have generated, produced and delivered courses covering various topics e.g. normal development, cerebral palsy, and moving and handling. I was a key trainer for moving and handling for the Women's Health and Paediatric Teams at St James's Hospital Leeds.

Clinical Interest

member of British Association of Bobath Trained Therapists (BABTT)
Member of Association of Paediatric Chartered Physiotherapists (APCP)
